## GREAT RECEPTION

Fifteen Thousand People Give President Roosevelt a Warm Greeting.

### NEW JERSEY'S PEOPLE

Never Did a President Receive a More Patriotic Welcome Than They Extended.

Address to the New Jersey National Guard the Occasion of an Outpouring.

Sea Girt, N. J., July 25.—No president ever received a more sincere, heartfelt and patriotic welcome than that accorded yesterday to President Roosevelt by the people of New Jersey. From the time he landed on New Jersey soil at the Atlantic Highlands pier in the afternoon until he left in his launch for the war yacht Mayflower, anchored several miles off the pier, last evening, he was the recipient of a continuous ovation. The president, on invitation of Governor Franklin Murphy, extended through Senator Kean, visited the encampment of the Second brigade of the national guard of the state at Sea Girt. Accompanied by Mrs. Roosevelt, Miss Alice Roosevelt, Mr. and Mrs. W. Emlen Roosevelt, Miss Christine Roosevelt, and Assistant Secretary Loeb, the president left Sagamore Hill and boarded the Mayflower, his official naval vessel, from a launch. The run to within sight of Atlantic Highlands was made in five hours, but the vessel came to anchor there, as the water was too shallow to admit of her approaching the pier. Just as she anchored the French liner La Savoie, with Secretary Root, General Horace Porter, ambassador to France, and General Leonard Wood on board, passed out to sea. As the big liner swept near the presidential vessel the Mayflower fired a salute of seventeen guns in honor of the secretary of war. The liner responded by dipping her colors, while passengers crowded her upper deck and cheered the president enthusiastically. Soon afterward the president and party landed at the pier from the Mayflower's electric launch, while the harbor resounded with the screaming of steam whistles and cheers of people. As President Roosevelt and his party stepped upon the pier they were greeted by Governor Murphy, Senators Kean and Dryden, former Secretary Cornelius N. Bliss of New York, and the governor's staff in gorgeous uniforms. The party was conducted to a special train of Pullman cars in waiting and started immediately for Sea Girt. The run was made in forty-five minutes. At every town along the route elaborate preparations had been made for the reception of the president. The stations at Seabright, Monmouth Beach, Long Branch, Asbury Park, Ocean Grove and Belmar were thronged with people who cheered and waved flags enthusiastically as the train passed.

Ten thousand people greeted the presidential party at the Sea Girt station. President Roosevelt and other distinguished guests were escorted in carriages to the governor's cottage adjoining the military camp, less than half a mile from the station. As he arrived at the cottage a president's salute of twenty-one guns were fired. After a brief rest and an informal reception at the cottage, President Roosevelt and Governor Murphy and staff reviewed the troops in camp, the president being mounted on a magnificent chestnut bay, which he sat perfectly. At the conclusion of the review Mr. Roosevelt was escorted to a stand adjoining the parade ground and there addressed the assembled troops and the multitude which had gathered and which numbered by this time nearly 15,000.

### Into the Enemy's Country.

Houston, Tex., July 25.—A special from Seguin, Tex., says that Senator Beveridge of Indiana has expressed his willingness to make at least four speeches in the Fifteenth district, in which Senator Bailey of Texas will make a campaign in behalf of John N. Garner, the Democratic nominee for congress. Friends of J. C. Scott, the Republican candidate, have communicated with Senator Beveridge with the above result.

### Mackay's Funeral.

London, July 25.—The pope has granted Mrs. John W. Mackay, special permission to hold private services over the body of her husband, who died last Sunday, at her home. A memorial service for Mr. Mackay will be held in the church of St. Peter and St. Edward, Buckingham Gate, next Monday or Tuesday.

### Slight Provocation.

Parkersburg, W. Va., July 25.—Ogden Eagle last night shot and fatally wounded Frank Hendricks, whom he accused of tripping him. It is stated that Eagle was drinking and went home for his revolver with which to shoot Hendricks.

### Taft Sails.

Naples, July 25.—The German steamer Princess Irene which sailed yesterday for Manila took among her passengers Governor Taft, Judge Smith and Secretary Carpenter.

## HORRORS OF THE RAIL.

### WRECK AND FLAMES

Terrible Disaster Overtakes Pan Handle Limited in Ohio.

Dayton, O., July 25.—Engineer Clark of Xenia under his engine burned to a crisp; his fireman, of Cincinnati, head crushed, right arm broken and both legs cut off three passengers, two women and a man, burned to death in a Pullman sleeper, and a number of other passengers injured in the awful story of the wrecking of Pan Handle limited from St. Louis, eastbound to New York, last night at Trebein's station, a way stop a short distance from Xenia.

Train No. 2 was flying eastward at limited speed when the engine struck a loaded coal car which in the darkness had escaped from the siding in Xenia and had run down to the danger point. The engine struck it going at full speed and was turned over with Engineer Clark underneath. The postal car, combination car and day coach, impelled by the heavy sleepers behind, plied over the engine. Two Pullmans followed and were laid across the track at right angles. A gas tank under one of the cars exploded, setting fire to the wreck, and the postal car, the coaches and two sleepers were utterly destroyed. Cries for help could be heard coming from one of the Pullmans and the helpless onlookers were compelled to see two women and one man burned to death before their eyes, unable to lend any aid on account of the fierceness of the flames.

### SERIOUS WRECK

#### Car Leaves the Trestle, Turning Over Twice.

McConnellsville, O., July 25.—The worst wreck in the history of the Muskingum valley occurred yesterday at the Doula trestle, a mile south of this city. The northbound passenger train on the Ohio & Little Kanawha railway was passing over the trestle when the rear coach turned over twice in its descent and fell forty feet. It is stated that the trestle had been weakened by the recent flood. The train was going at the ordinary speed over the trestle when the rear coach fell, and there was no damage to any part of the train except to the coach which fell, and it was smashed into splinters. There were thirty passengers in the coach, nearly all of them from local points along the Muskingum valley, as the train was bound from Marietta to Zanesville. Few escaped injury of a more or less serious character. Relief was promptly sent from this city and from Marietta, which is on the opposite side of the Muskingum river from McConnellsville. Miss Gertrude Sherwood of Painesville, O., was killed outright. A. J. Rathbun, a prominent oil man at Columbus, lingered in great agony until he died last night. Edward Smith, Marietta, O., was dangerously injured internally. County Commissioner W. F. Lighthouse of Morgan county and Robert James, a Pennsylvania stock dealer, are reported by the physicians as unable to survive. The others who are pronounced to be in a dangerous condition are Charles Bailey, a commercial traveler of Marietta, and Mrs. H. H. Postal of Columbus. All of the injured are receiving every possible attention here.

### Fireman Killed.

Omaha, Neb., July 25.—Passenger train No. 5, westbound on the Chicago, Rock Island & Pacific road, was wrecked three miles west of South Omaha yesterday afternoon. The fireman was killed, the engineer perhaps fatally hurt and two express messengers badly bruised. None of the passengers was injured beyond a severe shaking up.

### Train Took the Ditch.

Middletown, N. Y., July 25.—A train on the Ellenville branch of the Ontario & Western railroad was thrown from the track last evening near Spring Glen while rounding a curve, owing to a washout. The engine, a passenger coach and a combination car left the track. Six passengers in the latter car were somewhat injured, but none seriously.

### Will Teach Boers.

Johannesburg, July 25.—The home government has decided to send parties of Boers to Canada and Australia to study agricultural methods there for application in improving their own conditions.

### London Relieved.

London, July 25.—Yesterday for the first time in a very long period no fresh cases of smallpox were reported to the health authorities in London.

## SENTENCE PASSED

Federal Court in West Virginia Takes Action in Miner's Case.

### IN CONTEMPT OF COURT

Judge Jackson Holds That "Mother" Jones and Others Had Violated Injunction Order.

Sentence in the Woman's Case Suspended That She May Not Pose as a Martyr.

Parkersburg, W. Va., July 25.—Judge Jackson in the United States district court yesterday held "Mother" Jones and seven other organizers of the United Mine Workers and a number of Hungarian miners guilty of contempt in violating his injunction order of June 19, and passed sentence on them of from 60 to 90 days in jail, with the exception of "Mother" Jones and the Hungarians.

Judge Jackson suspended judgment in the case of "Mother" Jones. He stated that she had been found guilty of contempt, but as she was posing as a martyr he would not send her to jail or allow her to force her way into jail. He said he would hold conviction over her and if she again violated the injunction he would sentence her heavily. Thomas Haggerty got 90 days and five others got 60 days each in the Parkersburg jail. The Hungarians, claiming they had not understood the injunction, were released upon the promise not to violate it again. The Austro-Hungarian consul at New York was here to represent them. Including some arrested later there were twenty-four Hungarians released in the same manner.

The occasion had been anticipated with anxiety, so that many society ladies as well as attorneys, operators and miners were present. It was currently reported that the house of Judge Jackson had been guarded for several nights and that guards were in the courtroom. It is stated that this was done without the knowledge of the judge. There was intense interest shown by everyone as Judge Jackson earnestly read his decision. "Mother" Jones was surrounded by other defendants, and Vice President Lewis of the United Mine Workers was present with them. The defendants were surprised with both the decision and the sentences and expressed themselves bitterly.

Counsel for the imprisoned miners are preparing for habeas corpus proceedings in the United States circuit court of appeals, claiming Judge Jackson had no jurisdiction in the cases of "Mother" Jones and her associates. John J. Coniff of Wheeling and one of the counsel of the miners, will leave at once for Richmond to present habeas corpus papers. He says the proceedings here were brought not by the Clarksburg Fuel company, but by a bondholder, and for that reason an ouster will be asked.

While the sentences given are considered severe, it is anticipated that Judge Jackson will deal formally with W. B. Wilson, secretary of the United Mine Workers, who has also been held in contempt but who is at his headquarters in Indianapolis. District Attorney Blizard filed an affidavit that Secretary Wilson violated the restraining order of June 19 by making an inflammatory speech at Clarksburg July 7 and another at Fairmont July 8, and asked the court for his arrest. Judge Jackson made the order that Wilson be arrested and brought within the jurisdiction of his court.

Thomas Haggerty, who was given 90 days, was a prominent organizer. He lives at Reynoldsville, Pa. Rice and Morgan are also organizers and members of the board of United Mine Workers. Rice lives in Dubois, Pa., and Morgan in Massillon, O. These organizers and others were working with the miners of West Virginia when Judge Jackson issued his order. The prisoners have been distributed among the jails of a half dozen or more counties.

### Figuring On It.

Hazleton, Pa., July 25.—The officers of the Seventh district of the United Mine Workers have not yet decided how the relief funds from the bituminous miners shall be applied. It is probable, however, that the store order plan will be adopted, each local union issuing the orders for its men. Members of the union in the greatest need will be supplied first. Strikers in distress who do not belong to the union will also be provided for.

### Wanted It-If.

Astoria, Ore., July 25.—Army officers here express the belief that the incendiary fires discovered during the past week at Fort Stevens were the work of recruits who have become tired of army life. The services of detectives have been engaged and a systematic search has been begun by the government to arrest the guilty persons.

### Shot Through the Head.

Springdale, Ark., July 25.—Dr. J. P. Webb committed suicide at Springdale yesterday by shooting himself through the head with a pistol. He was 71 years of age and a native of Princeton, Ky. He was formerly a prominent business man in Little Rock, and leaves a valuable estate. Ill health was supposed the cause of his suicide.

### "HARMONY" TALK

New England Democrats Hear Mr. Bryan and Others.

Boston, July 25.—Nearly 4,000 Democrats gathered at Nantasket yesterday and participated in the "harmony" meeting arranged by the New England Democratic League, the new political organization which is expected to develop its strength in the fall campaign. Mayor P. A. Collins of this city acted as "moderator," as he expressed it, and presented in order Edward M. Shepard of New York; Senator Edward W. Carmack of Tennessee and William J. Bryan of Nebraska, who expounded and discussed the issues of this campaign to the marked satisfaction of the audience. Colonel W. A. Gaston and Charles S. Hamlin, rival candidates for the Democratic gubernatorial nomination in Massachusetts, were both present, while Lewis Nixon of New York and Congressman Wilson of that state and John R. Thayer of Massachusetts were conspicuous among the guests. It took an hour to make the run down the harbor to Nantasket, and on arrival the party was escorted to the Rockland House, where a reception by Mr. Bryan, Mr. Shepard and Mr. Carmack followed, and then 300 members of the league sat down to a banquet in the great dining room of the hotel. Among those at the dinner was Miss Ruth Thayer, who is accompanying her father on this trip. At the conclusion of the dinner the crowd repaired to the mammoth tent on the lawn in front of the hotel. In a few minutes every seat was taken and the canvas at the sides was removed in order that hundreds who were unable to get in might see and hear.

The speakers' appearance on the platform was the signal for loud and continued applause. Mayor Collins promptly introduced Edward M. Shepard of New York, who spoke. Senator Carmack followed and for nearly an hour and a half held the attention of his hearers. His discussion of the trust issue brought forth applause, which was repeated frequently during his argument on the Philippine question. The presentation of Mr. Bryan developed great enthusiasm. Cheers greeted him as he stepped to the front of the platform, and he was several times interrupted by demonstrations of approval.

Mr. Bryan left last night for Maine, accompanied by Senator Carmack and Charles S. Hamlin. Tonight they will appear at Rockland. This afternoon addresses will be made in Augusta and in Bangor.

Has Plenty of Coal.

Possibly fearing a strike of the coal miners the Baltimore & Ohio Southwestern railroad company had laid by a good supply of coal and now after the decision of the miners to not strike the company has coal "to burn." It is said that in all the company's yards there is an abundant supply.

Ladies' Day.

The local base ball management has made special arrangements to make next Monday "ladies day," at which time the Indianapolis Reserves will play the second game with the Seymour Reds. A large attendance of ladies is expected at the game that afternoon.

It Dazzles the World.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery of Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by W. F. Peter who guarantees satisfaction or refunds money. Large bottles 50c and \$1.00. Trial bottle free.

Tonight, tomorrow after noon and night may be the last chance at the Beckman & Co's auction bargains. Don't fail to attend. Everything goes no matter what it brings.

Annual Turtle Hunt.

Mr. Charles Hendrick, councilman from the Third ward, leaves next week for his annual turtle hunting trip near Seymour and Brownstown.—New Albany Tribune.

A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by W. F. Peter druggist.

RAILROAD RUMBLINGS.

Engineer Harry Gary arrived home this morning from Springfield, Mo., to visit his mother.

Engineer Tim Lehan and wife, of Seymour, attended the funeral of John Connaty this morning.—Washington Democrat.

Engineer Henry Muster, of the B. & O. S. W., and wife, of Washington, were here yesterday attending the funeral of his brother, Mike Muster.

A new time card which goes into effect Sunday next will reduce the running time of trains 3 and 12, between Cincinnati and St. Louis, one hour.

While standing at the B & O depot at Ravenna, O., early Wednesday morning a freight engine let go with terrific force, completely demolishing itself and instantly killing the engineer, J. R. Barnes, and badly scalding C. H. Cabbie, the fireman, and Charles M. Jones, a brakeman. The boiler cleared the trucks, shot ahead 60 feet and plowed into the ground in front of the telegraph office. The engineer was blown back into the coal in the tender and was not found for half an hour. His left arm was found 100 feet away. The fireman and brakeman were blown 50 feet into an adjoining field, but their only injuries are bad burns.

She Didn't Wear a Mask.

But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished as with all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from its use. Infallible for Cuts, Corns, Burns, Scalds and Piles. Cure guaranteed. 25c at Peter's drug store.

### Sam Stairs Here.

Sam Stairs who once owned the Seymour Democrat was here this morning on his way to West Baden. He and his uncle once owned the Seymour Sun which was moved to North Vernon in 1872 and became the North Vernon Sun. Mr. Stairs run this for about six months and sold it to J. N. Marsh, who now publishes the Columbus Times. Stairs then returned to Seymour and with a Mr. Patterson started the Seymour Daily Star, the first daily ever published in Seymour. This was published in the old Peter L. Carter building on South Chestnut, now owned by Willard Bevins. After publishing the Star for a short time Mr. Stairs secured an interest in the Seymour Democrat and Shank and Stairs became its owners and publishers sometime in 1873. This they published until it was sold to Emil Rettig, who later sold it to Finley Collins when John Auld Forsythe became the editor of the Democrat. Mr. Stairs is now located at Dover, Ky., where he publishes the Dover News.

It Was Hot.

This week a year ago was the hottest the people of this locality ever experienced. The thermometers registered from 105 to 114 according to their location. In fact the thermometers had to be kept in the most favorable places possible to keep the mercury from going even higher. The ice man was the only real busy man in town. The merchants had a good trade on fans until they ran out. It was too hot to work and no comfortable place for lazing could be found. It was hot twenty-four hours a day.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by W. F. Peter druggist.

Sandoreek Bridge Repairs.

At the joint meeting of the commissioners of Jackson, Bartholomew and Jennings counties at Vernon Wednesday it was decided to make the following repairs on the Sandoreek bridge at Helts Mill: remodel the south abutment, new floor, new steel eye beams, new coat of paint and readjusting. The bids will be received at Columbus at a special session of the same commissioners that were at Vernon, Wednesday. Christian Helts will superintend the work on the bridge.

I. O. O. F.

Seymour Lodge No. 204, I. O. O. F. will meet tonight, at 8 o'clock sharp, to make arrangements for Brother Huffstetter's funeral.

## HAD NEVER BEEN ABROAD.

But For All That He Had Traveled "For and Wide."

"Have you spent all of your life right here in this place?" asked a stranger of an old fellow he came across seated on a rail fence whittling in front of a log and slab cabin in one of the back counties of Arkansas.

"Not by a damned sight!" was the terse reply. "I been hyar the better part o' the time; but, la, I hev traveled fur an wide!"

"Ever been abroad?"

"Well, not aggenessly to say abroad, unless you call it goin' abroad to go from here way over to Petersville. I been over thar twice in the last 40 year. It's 304 miles to Petersville, an I been fuder than thar fur my ole woman an me went clean to Hogback ridge on our weddin' tower, an thar's 41 mile from here. Then I been over in Pettis county to see my wife's folks twice, an thar's twenty odd mile from here. Then I been over to Rocky Hill ez munny ez four times, an thar's 18 mile. Ez I say, I been here most o' the time, but then I've traveled fur an wide all the same. I've seen the big four story mill over to Petersville an the engine kyars over to Peaville. I rid three miles on 'em, an it's all I want o' the pesky things. I've seen a calf with two heads an a feller that could eat fire and dance on broken glass in his bare feet. I see a man hung once an a boss race fur a purse o' \$50. Yes, sir; I been fur an wide, an I reckon I've seen the biggest part o' what there is to see in this world, an I don't lot on doin no more gaddin' about."—Lippincott's.

## The Giraffe's Timidity.

A giraffe is very timid on hearing slight sounds, but is indifferent to loud ones. A writer in The Leisure Hour says: "Nolay sounds, like a man walking by with hobnail boots. It does not notice, but a lady coming in with hardly more sound than the rustling of her dress makes it start, with pricked ears and eyes distended. We remember well, after a terrible explosion of gunpowder on a barge on the canal, asking the keeper of the giraffes of that day how they had taken it, and he said he was surprised how very little notice they took. They jumped to their feet, but almost at once lay down again when they found nothing happened. "But," he added, "if I were at night-time to creep along that gallery in my socks they would be so scared that I believe they would dash themselves to bits." They fear the lurking foe, and a bling bang scares them less than a faint, rustling sound. They are in that respect very deerlike."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

## PASSING OF THE BELL.

No Longer Used to Record the Joys and Sorrows of Humanity.

The solemn and impressive custom of announcing death by the tolling of the church bell will soon be but a vague and distant memory. "The passing bell" has itself passed away, and its slow measured accents no longer tell the story of the departure of one more soul. The brief notice in the daily paper, while it conveys explicit information, fails to give something that the bell's tolling carried with it. The solemn rhythmic tones awakened a momentary vibration in the breast of each listener and bade each pause for sympathy and meditation. The bell admonished the sinner to repent and warned the thoughtless that time was flying while it spoke clearly and comprehensively and bade all scattered and preoccupied inhabitants attend its story.

The bell's voice is identified with all the deepest and most sacred human emotions. It has bespoken the joys and sorrows of all mankind for centuries. Is its voice to die away and have no part in the life of the future? The wedding bells ring out no more save in some song or story. The Christmas chimes are seldom wafted to our ears. The church bells ring but faintly now and under constant protest. "The curfew tolls the knell of parting day" only in verse. A sunset gun today gives greater satisfaction. The angelus sounds merely in pictorial form, the fire bells give place to still alarms, the dinner bell is silenced in polite society, and sleigh bells are discarded.

What is the future of the bell—that happy silver tongue that has sung out the joys of all the world, that solemn tone that has mourned for the nation's dead and voiced the nation's woes and summoned to their knees the nation's worshippers?—Atlantic Monthly.

## VALUE OF AN HONEST EYE.

A Business Man's Experience in Hiring an Office Assistant.

A business man said that he once devoted half a day to hiring a man whom he needed in his office. In answer to his advertisement a great many applicants called. He rejected the first because he would not look him in the eye. "The second man," said the merchant, "was armed with a double barreled recommendation from his pastor, with testimonials as to his business ability and good character; but, though he looked me in the eye, I saw that we could never hope to get along well together, and so I dismissed him. The third interested me the moment he stepped inside the door. He was poorly dressed, and, though his clothes were whole, they were at least two sizes too small. It was evident that his attire troubled him not the least, for he held his head high and as he approached my desk looked me squarely in the eye. He said that he had no recommendation, that he had no business experience, but that he was willing to do his best to please me. In an instant it dawned upon me that before me was the man that I was looking for. He had nothing to recommend him save an honest, bright eye and a pleasant face, but that was sufficient. I engaged him on the spot.

"Since then I have seen fit to advance him over a man who had been with me three years. The latter grumbled, but there was reason for my move—the new man had proved himself worthy of promotion."

Instances might be definitely multiplied of the value of an honest eye. That wonderful window of the soul, the eye, is a sure index to character. If you have it not, cultivate a bright, honest, straightforward look. It will more than repay your effort. Look up and fearlessly meet the eyes of those with whom you converse. Many a choice position has been lost through an indifferent, flinching eye, and many a coveted position has been won through a fearless, honest eye. That kind of eye is better than a hundred recommendations.—Success.

## Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Pellet's drug store. Peter's drug store.

## SOLVING A PROBLEM.

The Green Country Brakeman Who Introduced the "Saw By."

Many years ago a green country boy applied to the superintendent of a western railway for work and, somewhat against the superintendent's wish, on account of the danger to life and limb attendant upon such occupation, was given a place as brakeman of a freight train.

On one of his first trips it happened that his train met another freight train at a station where the sidetrack was not long enough to accommodate either of them. The conductors were debating which train should back up to a point where they could pass when the new hand ventured to suggest that neither should back; that they could pass each other by means of the short sidetrack if the thing was managed right.

The idea excited a good deal of laughter on the part of the old trainmen, but the boy stood his ground.

"Well, how would you go about it?" asked one of the conductors, confident that the lad would soon find himself against a stump.

The boy took up a stick and traced in the sand a diagram to illustrate his plan.

"Good gracious!" said the conductor. "I believe that will do it!"

"And it did do it. Today every trainman in America probably knows how to 'saw by' two long trains on a short sidetrack, but it is not so generally known that the thing was never done until an inexperienced country boy who became the manager of a great railway line worked out the problem for himself.

## Poisoning the System

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promotes easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Pellet's drug store. Peter's drug store.

## To Save Tempers and Collars.

"You button your collar the wrong way," said the salesman as he was selling neckwear to a customer.

"How is that?"

"You have buttoned the right side last. Now, when you go to take it off you will have to tug at the end of the collar and crumple it, because you can't get a proper hold of it, but if you had the left end on top you could get it off easily, then loosen the collar behind, and the right end could be easily detached. That's why men have so much trouble taking off well laundered collars. Remember to fasten the right side first and then the left, and you will save your collars and your temper."

"I never supposed there was a right and a wrong way of putting on collars."

"Try both ways and you will see."—New York Times.

# Rheumatic Warped Limbs.

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active, they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pain through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right.

The most effective kidney remedy known to man is

Dr. A. W. Chase's Kidney-Liver Pills. They cure

rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Mr. William J. Coad, No. 65 Brunson Street, Oswego, N. Y., writes: "I am very glad to praise Dr. A. W. Chase's Kidney-Liver Pills, and tell what they have done for me. I suffered for many years with severe constipation, rheumatism and kidney trouble, and could get no relief until I tried Dr. A. W. Chase's Kidney-Liver Pills. In them I found immediate relief, and can honestly recommend them to other sufferers."

## A RIVER OF LAND.

Astonishing Amount of Earth That Flows Down the Mississippi.

"The capacity of the Mississippi for filling up canals and old channels is something awful," says John Swain in Ainslie's. "Government engineers have found that the amount of solid matter annually carried past Vicksburg in suspension is enough to make a block of earth 300 feet high and a mile square. Fifty feet off the top of this is spread around on the valley between here and the sea, and the rest goes out into the gulf of Mexico to build up more continental land."

"Think what that means. Instead of a river of water this is a river of land. It would make a solid stream of earth five feet deep and nine feet wide, flowing night and day as fast as a man can walk, four miles an hour, all sliding down off the northern half of the country toward the sea. Year in, year out, that endless line of earth goes on. It would take a force of more than 50,000 men working in eight hour shifts to throw the dirt into the stream, supposing the river bed were rigid and an in exhaustible supply of dirt on the bank. It would make 25,000,000 wagon loads every year."

"But here—what are the use of such figures? Below Vicksburg—and above it, too, to an extent—we have the earth itself to speak for it. Except for the occasional fragments of the line of bluffs along the eastern edge below here which bob up at Fort Adams, at Natchez, at Grand Gulf, at Baton Rouge, at Port Hudson, there is nothing about the level of the high water river except the artificial levees. These are in places miles back, great earthen banks, sometimes thirty feet high or more, sodded and free from trees, which protect the wonderfully fertile region behind them."

"And all this level country which the river overflows and fertilizes is constantly increased by this river of dirt which the Mississippi brings down from the inner region, gathered all the way from the Rockies to the Alleghenies. Sometimes the river starts to eat away this land that it has made. In a single summer, if it will, it eats away half a mile of it out of some bend. It cuts it out sometimes an acre at a bite and takes with it forests, houses, levees and all else."

"The river is not a uniformly moving stream. One side or the middle moves swiftly; the other parts are still or sluggish. Sometimes even these run up stream. The swift part is the channel current and runs in the deepest sections. It makes crossings whenever driven off shore by a promontory. These crossings are dumping places for the surplus earth the river has picked up in the bend it is eating."

## She Got a Thrifty Husband.

Mrs. Smith—I reckon our Jane has got a first rate husband.

Mrs. Brown—Well, you ought to be thankful.

Mrs. Smith—I hope I am, Gusty. Of course he isn't much to look at, and he ain't oversmart, but there's one thing, and that is he's saving. Why, the very first day after the marriage he told Jane she'd better let him take the engagement ring back and get the money returned. He said there was no longer any use for her to wear it now that she was married.—Boston Transcript.

## Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get this reliable remedy at The Peter Drug Co. Regular size 75 cts. Get Greene's Special Almanac.
